S T A G E

The image displays two side-by-side aisle layout diagrams for a 24-row theater. Both diagrams show rows A through Q. The left diagram is a standard 12-seat wide layout, while the right diagram is a 24-seat wide layout. The right diagram includes 'WS' (Wheelchair Seating) areas in rows P and Q.

Left Diagram (Standard 12-seat wide):

- Rows A through Q are shown.
- Each row has 12 seats.
- Aisle labels are at the top and bottom.
- Row labels 'ROW' and 'Aisle' are on the right.

Right Diagram (24-seat wide):

- Rows A through Q are shown.
- Each row has 24 seats.
- Aisle labels are at the top and bottom.
- Row labels 'ROW' and 'Aisle' are on the right.
- Rows P and Q include 'WS' (Wheelchair Seating) areas.

max capacity:
341 (including wheelchair pos'ns)
